Aero cleats

A range of 4 bases that allow more than 14 alloy cleats to be rigged on a rope.

- *Easy to rig and adjust by hand.*
- *The position of the cleat on the rope can be adjusted by hand. No tools required.*
- *Hold ropes from 2 - 6mm (1/16"- 1/4") diameter.*
- *Alloy cleats take higher loads and are suitable for harsh environments.*
- *Designed for outdoor and marine use.*
- *Uses include Kitesurfing, sports netting, canvas structures, radio masts.*

CL828-68

CL828 base holds the range of Micros cleats.

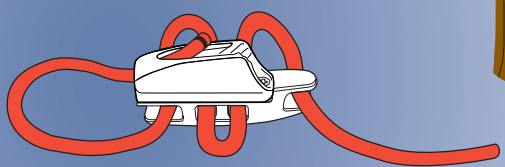

Move cleat along the rope by hand.
No tools required.

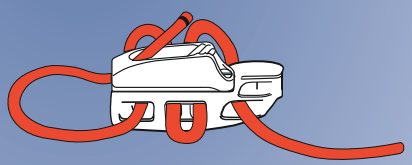

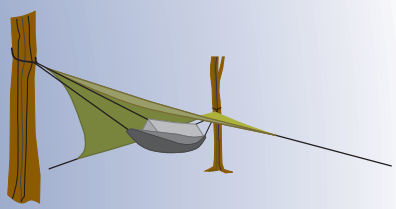

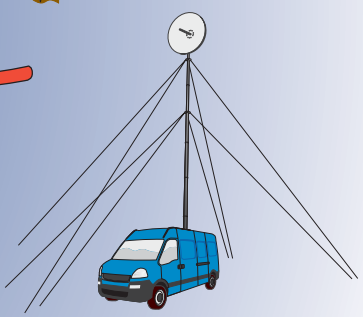

CL826-11AN

CL826 base holds the Mk2 Junior cleats.

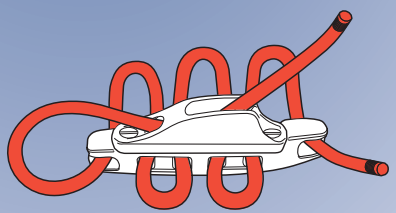

CL829-11

CL829 base holds the Mk2 Junior cleats.

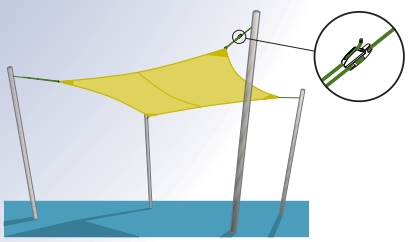

CL827-11AN

CL827 base holds the Mk1 Junior cleats.

Aero cleat technical information

CL826-11

CL827-11

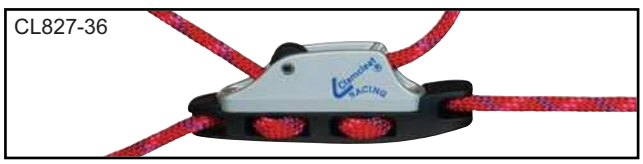

CL827-18AN

Side entry fairlead aids quick rigging and unrigging.

CL827-36

Use CL827-36, with roller fairlead, where rope forms a triangle.

CL828-68AN

CL828-77AN

CL828-77 can be rigged 2:1 or 4:1.

CL828-77AN

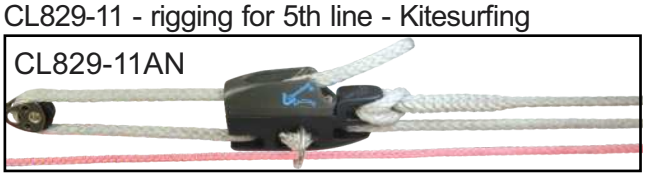

CL829-11 - standard rigging

CL829-11

CL829-11 - rigging for 5th line - Kitesurfing
